RE: Letter of Support for Victor Athletic Association

Dear Mr. DaGuerre;

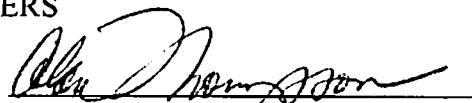

Please allow this letter to serve as a letter of support for the Victor Athletic Association and their continued use of the athletic complex on Highway 93 just south of Victor. As early as 1995, members of Victor Athletic Association worked with the County of Ravalli and the Ravalli County Park Board to take the park land that was dedicated to the county through the subdivision process of Silverbow Meadows, and turn it into a athletic field. Monies from the Ravalli County Park Board were given for the field development along with volunteer time from members of the Victor Athletic Association.

As you are aware, when the Victor Park District was formed, the athletic field became part of the Victor Park District. Our request and hope is that the Victor Park District will continue working with the Victor Youth Athletic Association and assist them with the maintenance funding of this athletic field.

As our community continues to grow, we deal with numerous requests for sport complexes and athletic fields; not only for our youngsters but for adults as well.

Sincerely,
BOARD OF RAVALLI COUNTY COMMISSIONERS

Greg Chilcott, Chairman

Alan Thompson, Member

Howard W. Lyons, Member

CC: Victor Youth Athletic Club
